

TAKE A LOOK

at UPSTATE NEW YORK

Spring 2018

Capital Region & Adirondacks

Are you a Nurse Practitioner or other healthcare professional thinking about your career path?

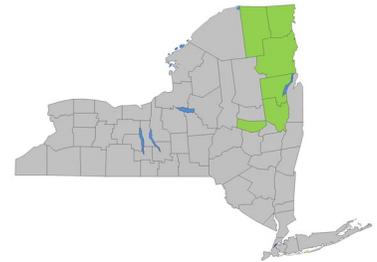

Join us for a 3-day all inclusive trip to Upstate New York to explore the opportunities!

The **"Take A Look"** program aims to expose Nurse Practitioners and other healthcare professionals training across the state to practice opportunities in Upstate New York communities. These guided tours are intended to encourage healthcare professionals, like yourself, to "take a look" and learn about Upstate New York hospitals, medical staffs, communities and cultures through hospital and ambulatory care site visits. **We want Upstate to be top of mind when you begin your job search!**

Upon arrival, participants will be transported on a guided tour of each community and introduced to local physicians, nurses and health care leaders. All travel expenses, including transportation, meals and two-nights luxury hotel accommodations will be provided.

It is not too early to register! Each tour is limited to a small group to allow for maximum interaction. Reserve your spot now and enjoy the beauty of spring in Upstate NY!

BUILD a LIFE

MAKE a DIFFERENCE

"I was very surprised with the **many opportunities available** in Upstate NY and it solidified my decision to ultimately move there. We met many doctors and nurses who are happy and enjoying their daily work in the community ... It was truly an **eye-opening experience.**"

-Fall 2016 "Take A Look" Tour Participant

"There are more options out there than I ever thought about. There is a **sense of community** in Upstate NY which in my opinion makes practice more fulfilling. You have more options to **expand your practice** and dive into other niches of medicine."

-Fall 2017 "Take A Look" Tour Participant,
